CULTURE MEETING—February 4, 6:30 PM *Show us your orchids!*

By Debby Halliday, 2nd Vice President

Our biggest orchid show of the year is coming in March. It's not too soon to start preparing your orchids to enter the show looking their very best.

Debby Halliday, 2nd VP, will be giving you some tips on how to groom, stake, and otherwise make your orchids show-ready. She'll also discuss the registration and entry process for ribbon judging.

Debby first entered a show in March 2011, after David Brown complimented a phalaenopsis she had brought to a meeting. She nervously took in a few plants to the BIG SPRING SHOW. As she wandered around wondering what to do next, Pam Peters gave her a warm welcome and showed her exactly how to

GENERAL MEETING—February 4, 7:30 PM *Orchids of Bhutan*

By Scott Labouff, 1st Vice President

Sandra Tillisch Svoboda will present "Orchids of Bhutan." Sandra was fortunate enough to be able to travel to the Kingdom of Bhutan in 2007. It afforded her the opportunity to learn about the culture and flora of a very special country. She will share a bit about the culture and people of Bhutan and the orchids that grow in this country where the landscape ranges from [subtropical](#) plains in the south to the [sub-alpine](#) Himalayan heights in the north.

Growing up in Minnesota, Sandra's only exposure to orchids was that prom corsage. After graduating with

a degree in nursing, she moved to California and ended up in Santa Barbara. She began her orchid life as a pot washer for her husband Al and became fascinated with the history of her husband's complex Paphiopedilum collection which included many of the oldies like Paph. F.C. Puddle. Al's knowledge, love, and enthusiasm for orchids were contagious and when they built a second greenhouse, she decided it would be hers and that was the moment that orchids became an important part of

February 2014 Update from your President

By: Bruce Berg

I hope that you had a good time at our winter park show. It is always fun to see all of the plants members bring in for judging. I also hope that you enjoyed the talks some of our members gave on various orchid topics. Moreover, I wish to thank speakers for helping by sharing their knowledge of orchids.

Chris Croom, our newsletter editor, has decided that he needs to retire from that position. When you see Chris and Eowyn walking around, please thank them for all of the good work they've done for us over the years. We have a new newsletter editor ready to take over the helm. David Eveleth, develethos@gmail.com, will be taking over the news editor position.

Upcoming new member culture seminar: On Sunday, February 2, Debbie Halliday has scheduled a seminar for new members as well as all other members at Lico nursery on the topic of mounting orchids. Please refer to another article in the newsletter for more details.

Hiking and camping in the desert to find *Epipactis gigantea*: Nico and I are planning a camping and hiking trip in the Anza-

Borrego Desert March 7-9. Two years ago, a small group of us camped at the Agua Caliente campground. We actually found orchids! The hike from the campground was about 4 miles round trip. What was even nicer was the Hot Springs at the campground where we could relax after the hike. The next day, our hike was also about 4 miles round trip. Meals were cooked around the campfire in Dutch ovens. We are planning a return trip on the weekend of March 7, 8, and 9. This hike will be shorter, or longer depending on who wants to do more hiking. The Sunday hike will be up Pena Spring Canyon, about a 2 mile round trip. If you would be interested in finding out more about this trip please contact Nico, licoorchid@aol.com or me, b2berg@yahoo.com. If you are only interested in joining us in day hikes, also let us know. If you are interested in camping, the sooner we know the better so that camping space reservations can be made.

Spring Show: This is the biggest fund raiser for the society. Please pay for the tickets that you have picked up, or that were mailed to you. Without this income, we may be short funds to provide all of the benefits we enjoy as members.

Newport Harbor Orchid Show: We need a few good orchids to show in a society display booth at the Newport Harbor Orchid Show and Plant Sale the weekend of February 7, 8,

and 9. Irma Adams, Dave and Patti Hoffmaster, Connie McCoy, and I will set up our booth. We have had reciprocal display booths at our respective shows in a mildly competitive competition for several years. This is also a good opportunity to do some shopping. This show is the furthest south that is supported by the Santa Barbara nurseries, as well as our local nurseries. This is an AOS judged event. If any of our society members wish to assist us in the setup of this event, you should contact Dave Hoffmaster, davehoff5@yahoo.com. Also, if you have plants that you would like us to display in the Society booth, contact Dave.

Membership: If you haven't paid your membership dues, please do so. It has been brought to my attention that some memberships have lapsed and members are still participating in Society activities. Your membership due date can be found on the mailing label of your directory. If you are not sure, contact Bob Clark, membership Chairman, bob1clark@san.rr.com.

register and enter her plants. (It wasn't that hard.) The rest is history. It was great fun and she's never missed a show since!

This could be you. It takes lots of plants to put on a good show and every member's contribution makes a difference. Whether you bring one orchid or twenty, showing is a really fun way to participate. It also gives you a reason to get your plants in shape and a chance to share your beauties with the public.

This discussion should leave you feeling confident and excited about taking the plunge.

Show us your orchids!

her life. Sandra currently serves as President of the American Orchid Society. She is an accredited judge in both the American Orchid Society and the Cymbidium Society of America judging systems and is treasurer of the AOS Pacific South Judging Center. She is also the present Editor in Chief of the Orchid Digest. She was president of the Cymbidium Society of American and co-chair of the annual Cymbidium Society Congress.

Locally, she has served on the boards and been president of the Orchid Society of Santa Barbara and the local branch of the Cymbidium Society. Sandra served on the board of the Santa Barbara International Orchid Show and, for several years, was the show manager of this prestigious show, one of the largest in the nation. Besides the plants themselves and the never-ending opportunity to learn about them, Sandra loves being involved in the orchid world because it offers an opportunity to meet and work with so many amazing and fascinating people.

Join Sandra and fellow SDCOS members at the Prado Restaurant for dinner before the general meeting. Call 619-248-7300 to RSVP.

The plant opportunity table will be a selection of orchid species provided by Andy's Orchids as well as a collection of blooming cymbidiums.

Table Top Displays

If you are interested in trying your hand at displays but are not ready to take on one of our big floor exhibits, try a table top display. These displays are much smaller in size but can be just as much fun to put together. There are several categories starting with a 2' x 2' and working up to the larger 4' x 4'. You can test your creative skills by arranging your plants and greenery in an aesthetic manner. The theme for the show is "A Symphony of Orchids" and if you can work that into your display, all the better. These displays require a minimum of three flowering orchids but there is no upper limit. You may enter up to 7 plants in your display for judging. There are 9 cash prizes for displays (see Show Schedule: Marose Trophy, SDCOS Cash Prizes - open and amateur. Each display will be judged on its creativity.

If you are interested in getting involved, please refer to the display rules under sections 16 or 1601 of the show schedule. They are available on our website under the spring show. If you do decide to put in a display, contact Dave Hoffmaster at 760-529-2947 or by email at davehoff5@yahoo.com so we can reserve you a space.

If you can sell these tickets to your friends and co-workers, it would help the society. If you cannot, we certainly understand. We do ask that you send any money collected or return any unsold tickets to Patti Hoffmaster, at the address given in the letter. Thank you for your help and understanding.

Letter From the Editor

Dear SDCOS,

It's crazy to think that the SDCOS let me edit this newsletter since June of 2005, and I have been grateful to have this opportunity to help produce information that will assist our Members in having a more rewarding experience with their orchids.

I'm even more grateful to Dave Eveleth for being willing to take over editing the newsletter, and to my wife Eowyn, who took many fabulous photographs over the years that graced our pages. Make sure to email Dave your fantastic pictures of flowers and shows so that we always have pretty images to insert. We may also need a photographer to replace Eowyn.

And while I'd like to use this space to print the most amazing string of words you've ever seen in sequence, I don't have it in me this morning, which is why it's a good time for me to step down. I have greatly enjoyed your company over the years, and never felt that I dedicated enough time to this hobby to be doing what you let me do for so long. I am very thankful to have gotten to know so many of you and benefitted from your tremendous expertise. In future, I'll see you wherever orchid species are sold!

Happy Growing,
Christopher
